## CHANGE MADE IN COLLECTION RULES

Paper Must Be Kept Separate from Ashes and Rubbish.

## GIVE DAILY SCHEDULE

During the past week a notice was sent to the householders of Narberth by George B. Suplee, Superintendent of Public Works, calling attention to the change in collection regulations effective with the beginning of the winter schedule on September 24th by which all papers must be kept separate from other rubbish and ashes.

Complaints have been directed against the Township dump at West Manayunk, which is used by the borough, because of the continual smudge and smoke arising therefrom of burning paper. To eliminate this annoyance the Township commissioners adopted a new rule governing the collections by which paper must be kept separate from rubbish and ashes.

Mr. Suplee's notice calls attention to the fact that receptacles containing paper and ashes and other rubbish will not be collected. All paper must be placed in separate containers. Likewise garbage must not be deposited with ashes, paper or other rubbish.

The notice follows:  
The Lower Merion Township Commissioners, who control the only public dump which is available for our use, have been obliged to adopt new rules governing it and, as a result, beginning with the resumption of weekly collections on September 24th, all papers must be separate from other rubbish and ashes.

Bottles, tin cans and other debris, except paper, may be mixed with the ashes which must be placed in metal containers.

All paper must be placed in separate containers. If papers are mixed with ashes and other rubbish, the receptacle containing them will not be removed by us.

Garbage must not be deposited with ashes, paper or rubbish. The Borough provides an entirely separate garbage collection service and the ash-can will not remove any receptacle containing it.

All containers must be placed at the rear of the house where they can be seen from the street. Do not put them out on the public sidewalk.

The winter schedule of ash and rubbish collections will start on Monday, September 24th, and will continue weekly thereafter until further notice. Subject to delays, beyond our control, collections will be made in accordance with the following schedule:

## Urges Penn State Aid

That Penn State College received only \$491,500 from the Commonwealth from 1916 to 1926, while other State colleges received as high as \$18,000,000, was the statement of Dean C. L. Goodling, of the National Farm School, at the meeting of the Main Line Kiwanis Club held at the new St. Davids Golf Club, at Wayne, Tuesday evening.

## BOLT STRIKES STATION

A bolt of lightning struck an iron post at the Narberth station during last week's storm and caused a short circuit that put out all the lights on the platform and in the station and tunnel. No damage was done. Pennsylvania electric trains along the Main Line were slowed up when the signal system became stalled, but there were no crashes.

## Aiding Local Merchants Insures General Prosperity of Borough

You should buy from local merchants because it pays you. It means money in your pocket.

And it means money out of your pocket if you don't. Our argument is as simple as a-b-c. If you make a practice of shopping at the "big city" stores you have only to figure up what these goods have cost you and compare the total with what the same bill of goods would have cost had you bought it at home.

For instance, the railroad or auto overhead, the time you waste, the goods you buy that you don't need, the higher prices you pay on account of the stupendous overhead at the city store—all these things must be paid out of your pocket in addition to the

## ON HOME STRETCH

Akin to the race of the A's and Yanks is the gallant effort being made by the Narberth ball club to overhaul the leaders in the Main Line League. One game is the margin separating Narberth from the leaders, Berwyn, at present. This Saturday at 1.15 P. M. a doubleheader is scheduled with Newtown Square, which incidentally is the only team to defeat Berwyn in this half of the league. By winning both ends of this match Narberth will go into a tie for the league leadership. Then all that remains to be done is defeat Berwyn and Bryn Mawr and the championship will come home to roost.

## NAME IS CHANGED TO MERION SQUARE

Erstwhile Gladwyne Fire Company Undergoes Metamorphosis.

## OFFICERS ARE ELECTED

On last Thursday evening practically the entire population of Gladwyne turned out to witness a fire-fighting demonstration furnished by a crew from the American La France Company in connection with the recently organized Gladwyne Fire Company's efforts to procure fire-fighting apparatus of its own.

The fire was soon under control and extinguished whereupon a business meeting was held in Gladwyne Hall. The following officers were elected: President, J. Norman Henry; vice president, Griscom Bettle; treasurer, R. J. Hamilton; secretary, Harvey McNaughton; fire chief, H. David.

The following directors were also elected: Rev. William Powell, Samuel Rea, Lawrence Saunders, Father Schulte, Frank S. Shields, Elmer P. Althouse, Frank P. K. Barker, E. W. Claypoole, Edmond C. Haley, Roy Haley, Cecil Harvey, Rev. Harvey, John D. Loughhead, Walter C. Lowmes, Andrew McNaughton, W. C. Neilson, J. Howard Pew, Elmer Holtz, D. B. Hurtzman.

The formation of this fire company revives the controversy over the names, Gladwyne and Merion Square, which argument has been a famous one in Lower Merion. The firemen's stand in the matter is clear since at their last meeting they voted to change the name of the company to the Merion Square Fire Company.

Until 40 years ago Merion Square was the name commonly applied to the district, which covers about six square miles and has a population of less than 1000 persons. The change to Gladwyne was made, it is claimed, to eliminate trouble in the delivery of mail, for Merion Square was being confused with Upper Merion, Merionville and Merion.

Controversy started late in February, 1927, when groups headed

## WILL NOMINATE

Officers for the Miller-Merkle Post, Veterans of Foreign Wars, will be nominated at a meeting of the new Narberth-Bala-Cynwyd organization to be held Monday night in the Cynwyd fire house. An election will be held two weeks later. Temporary officers are Daniel J. Hickey, commander, and Frank Lyons, Narberth, adjutant.

## OAKMONT SHUT OUT; NARBERTH GAINS

Masters, Youthful Penn Star, Allows Two Nicks in 12-0 Victory.

## ARE ONE GAME BEHIND

By John Uberty.

In the first combat of what was scheduled to be a three-game series, Walter Masters, juvenile hurler of the Narberth Club, shut out Oakmont, the runners-up of the 1927 Delaware County League, thus tightening the wide gap which separated the local Braves from their western foes. Walter, possessor of enviable talent, and future big league prospect, maintained his high standard of pitching efficiency as he mowed down sticksmith after sticksmith, permitting merely four men to reach bases; two from walks while the rest were fortunate to crash through the infield barriers for singles. Only once during that game did the South Ardmore celebrities promise to avoid a shut-out. That was in the seventh inning when one man ambled, followed by a single, whereupon inoperative connections with Walt's blinding throws failed to lure those on. Outside of that, Monsieur Masters was enigmatic to the tail enders, who to date have failed to cop one game. It will be remembered how on July 28th the Oakmont nine enabled the Braves to set a record when they blanked the invaders by a 23-0 chalk up.

A feature of this second fracas was the entirely new line-up which faced the Waltermen. With the exception of two men, it was a brand new team that came with inspired hopes that they might avenge themselves of their previous jocular exhibition. As seen from the final count, Walt Miller's shake-up of his team enabled his errant knights to play twice as good as in the first encounter, but that was the best they could do.

Unlike the poor moundsmanship which proved the downfall of the tourists in the first game, the "man behind the mask" was charged with the loss of this second contest as he muffed four leaves, allowing men to move up and even skip over the pentagon.

Evidently the home talent have pulled up anchor and are now pennant bound. With three consecutive league victories under their belt, Narberth is now putting up a great fight for pennant laurels as the season rapidly comes to a close. On Saturday, September 1, the local club came dangerously close to the second-half leaders when they trailed by one thin game. With something like five or six games yet to be played there seems abundant hope for the flag-chasers to cop the final half, and then the great battle with Bryn Mawr for the robe.

The local club have twenty-four victories to their credit while the defeat column shows fifteen, or arithmetically, they have been playing .615 baseball for the 1928 season. These figures include three games away: wins over Ocean City and Oriental and defeat at the hands of La Mott in a return game which was witnessed by 4000 spectators.

Should the home team romp away with the 1928 league honors, one thing must stand out in the minds of the approximate five thousand enthusiastic addicts, and that is, as in all sports of the world, that the climb was arduous and that the champion must be properly honored.

## Speaks On Labor Day

Hervy C. Keim, Narberth accountant, was speaker at the weekly meeting of the Bala-Cynwyd-Narberth Rotary Club Tuesday. He chose Labor Day as his topic.

Mr. Keim traced the history of the holiday, beginning with its establishment as a national day in 1891. The significance of the anniversary was brought out.

Another speaker was Rev. Robert F. Hayes, recently returned from an extended European trip. He told his fellow members of interesting points in his travels, particularly of studies of ancient culture.

## NARBERTH AND TOWNSHIP SCHOOLS COMMENCE MONDAY, SEPTEMBER 10th

Borough School Anticipates Largest Enrollment in History.

## EVERYTHING IN SHAPE

With vacation days a thing of the past the Narberth School will open Monday, September 10, for registration of pupils. The whole plant has been put in glistening condition in anticipation of a large enrollment.

Registration for pupils entering either the first grade or the kindergarten is partially completed since August 30 and 31 were set aside for that purpose. Parents of children entering school for the first time, and unable to enroll them then, are requested to bring them Monday. The community building is the registration place for the kindergarten and the school for the first grade and up.

All children entering school for the first time should present certificates both of birth and of vaccination. Children whose sixth birthday occurs on or before January 31, 1929, may be entered in the first grade; children whose fifth birthday occurs on or before January 31, 1929, may be entered in the kindergarten.

All pupils who intend to use the busses provided by the Narberth School District for the transportation of pupils to the Lower Merion schools will send name, residence and the class assigned to at Lower Merion to the Narberth School offices. Bus tickets will be mailed to pupils upon receipt of cards.

The school authorities point with pride to the fact that there is only one change in the teaching staff this year. The one vacancy was filled by the school board's election of Miss Faith E. McAuliffe as third grade teacher. Miss McAuliffe is a graduate of the Millersville Teachers' College and has been teaching successfully in the public schools of Chester for two years. She is the daughter of Mr. and Mrs. J. W. McAuliffe, of Sabine avenue.

The School Board likewise will recommence its regular meetings with the arrival of the new school year, its initial session being Friday, September 21.

## STARTS SEASON

League of Women Voters Meets at Community Building.

The first meeting of the '28-'29 season of the Narberth League of Women Voters will be held on Monday, September 10th, at 2.15 o'clock in the Community Building on Windsor avenue.

Edward F. Kane, an attorney at Norristown and Chairman of the Democratic County Committee will be the speaker of the afternoon. His subject, a timely one, is "The Democratic Platform: How it applies to City, State and County."

This meeting of the League of Women Voters in the Community Building marks the beginning of that building's use by civic organization other than the Library, the Girl Scouts, the American Legion and the Legion Auxiliary.

A plan was worked out last spring by the Recreation Board in co-operation with the Girl Scouts, to whom the right wing of the building had been intrusted, providing for the use of the room by two other local organizations, namely, the League of Women Voters and the Needlework Guild.

## COUNCIL MOVES

Beginning with its September meeting next Monday night Council, which has been languishing in the Community Building since last spring, will come into its own in the fine quarters it will occupy hereafter in Elm Hall. Ample seating arrangements for visitors may tend to make Council's sessions more attractive to Borough residents.

## MRS. SMITH HOSTESS

The Woman's Foreign Missionary Society of the Methodist Episcopal Church will be entertained on Monday, September 10, at 2.30 o'clock by Mrs. F. C. Smith, of Old Gulph road. A large attendance is desired.

L. M. Junior and Senior High Open Monday, Downs Announces.

## WILL SWELL FACULTY

Lower Merion Junior and Senior High Schools and public schools will open Monday, September 10. Announcement to that effect was made last week by Superintendent S. Edgar Downs, whose office in the Senior High School at Ardmore teems with activity as final plans are made for assigning teachers and students to their classrooms.

It is expected that the faculty will be considerably in excess of 205, which was the figure last year. The previous year's faculty numbered 173 instructors. Enrollment for the 1928-1929 term is expected to set a record for the township. Last year's total for the term reached 4246, and for the previous year the total was 4020.

High School students who are not already registered in the Lower Merion school system are required to submit at once complete records to Superintendent Downs at his office in the Senior High School building. Students of the Lower Merion part of Narberth who will enter the elementary grades, one to seven, should report directly to the principals of the various schools, in Bala, Cynwyd, Merion or Wynnewood.

Certificates of successful vaccination must be presented by all new students, according to Mr. Downs. Beginners, or first grade pupils, may be admitted only during the month of September, and they are required to present birth certificates. The minimum age of admission is five, provided the child's sixth birthday is reached before April 1, 1929.

"All who desire to supply rooms or boarding to teachers should submit definite information in writing to the Superintendent," Mr. Downs said. It is expected that scores of teachers will terminate their vacations and arrive in Lower Merion before the end of the week.

## HEADS PRESS COMMITTEE

On Thursday, November 15th, at the Bellvue-Stratford in Philadelphia, there will be an all-day session of the National Committee on Cause and Cure of War with Mrs. Carrie Chapman Catt, National President presiding. Mrs. John B. Brooks, of Narberth avenue, has been appointed chairman of the Press Committee for the conference during the week's session following, in charge of releases for the newspapers, club calendars, magazines, etc., working under direction of the General Federation of Women's Clubs.

## HOL DOPEN HOUSE

This Saturday, September 8th, is the date when the public will be treated to an "inside view" of the rebuilt Elm Hall. Elm Hall, or as it is more commonly known, "the Fire House" will be open to the public from 12 noon to 10 P. M. and it is well worth a look.

## CYNWYD ARREST SOLVES BURGLARIES

Police Pin Three Jobs on Paroled Prisoner Caught Sunday.

## NABBED LEAVING HOME

Three of a series of burglaries perpetrated in Lower Merion and Narberth the past summer were cleared up last week when Earnest Lillard, 35, of Schiller avenue, Narberth, out on parole from Eastern Penitentiary, was arrested by Lower Merion police Sunday, August 26, in Cynwyd. One of the burglaries was committed that morning; the other two "jobs" were pinned on the man following a series of grillings conducted by Sergeant Brown of the police.

At a hearing in the Ardmore police headquarters Thursday night before Magistrate Franklin P. Kromer, Lillard was held for court without bail. He was taken to the county jail at Norristown the latter part of the week.

The man was picked up 7.30 A. M. Sunday at Levering Mill and Derwen roads, Cynwyd, by Officer Dirks, whose suspicions were aroused when he spotted Lillard walking along the streets carrying two heavily laden suitcases. Investigation revealed that the bags contained clothing and valuables which had just been taken from the home of D. B. O'Loughlin, Derwen road and Bryn Mawr avenue, Cynwyd, a block distant from the place where the arrest was made.

Following grilling for several days by Sergeant Brown at Ardmore headquarters charges of burglarizing the homes of John Bartholomew, Old Gulph road, Narberth, and Sydney Wynne Foulkes, Windom avenue, Bryn Mawr, were also entered against Lillard, as well as a Philadelphia job at the home of George Beck on Ridge avenue, Roxborough. In all of these places clothing, furs, beads, and small amounts of jewelry composed the larger part of the loot.

Police after investigating Lillard's record declare that he came to the Main Line in 1920, made his home in Narberth for most of that time and for a short while he was employed as a janitor in a Narberth motion picture theater. Of the man's thirty-five years, fourteen have been served in prison, police state. The last of these was a term begun in Eastern Penitentiary, which was finished out at West Chester. Lillard, who comes from West Virginia, was on parole from this last sentence at the time of his arrest.

Two other men were picked up by the police early in their investigation on the suspicion of being accomplices. They were dismissed following questioning.

Several burglaries still remain to be solved by the police. One is a \$15,000 jewel robbery which was perpetrated in Bryn Mawr early this week. The police have been working on the earlier cases for several weeks and details of men are still out on special duty at nights to prevent further outbreaks.

## LETTERS TO EDITOR

## COMMENDS SPEECHES

To the Editor of "Our Town":  
Governor Smith, of New York, and Senator Joseph T. Robinson, of Arkansas, have both presented frank and honest declarations of the leading issues in the present campaign, in their acceptance speeches. The Governor presents a plan of ultimate change to a sensible and workable law to govern the troublesome liquor traffic and end the present reign of contempt for law. His candor and honesty makes a strong appeal to thinking men and women.

Senator Robinson proved himself of Presidential size also by his able presentation of the important farm issue, and other matters affecting the welfare of rural America, matters with which he has become entirely familiar in 25 years of service in Congress.

EDWARD S. HAWES.

## EXONERATES PLAYER

To the Editor of "Our Town":  
In answer to the article in Our Town in reference to the playing and hitting of one of my players, Bob Gillilan, I want to take this opportunity to make it clear in the mind of your reporter, and the baseball fans of Narberth, that the player in question, does not deserve the unjust criticism that your paper printed. If the reporter will ask the batting average of Bob he will find that he stands near the top. I want to take this opportunity to tell the reporter that all the players on the Narberth team with the exception of the battery play every Saturday and when called upon for the sport of playing, I, as manager of the Narberth team, and all my players feel that the article in last week's paper was uncalled for. If you can't boost the team, don't knock. (Signed) FRED WALZER, Manager of Narberth Baseball Club.

Mr. Goldsmith sailed early in September on the S. S. Bergersford for a six weeks' trip through Norway and Sweden.

The Misses Carolyn and Elizabeth Goldsmith returned this week from a two months stay at Camp Woodmiers, N. Y. State.

## AT THE THEATER

"A gripping story of crime and a powerful sermon against it."

That is the way one man expressed his opinion after viewing "Chicago After Midnight," the Ralph Ince spectacle of the underworld, showing Wednesday and Thursday at the Narberth Theater, September 12 and 13.

The picture tells the story of the crime regime in the Illinois city with such sincerity that its purpose cannot be doubted; that of showing the super-morale and intrepid bravery of those who uphold the law. A true picture of the follies and foibles of cabaret and club life is painted by the magic lens of Ince's camera.

Ince is as brilliant as the gun chieftain and his performance is rivalled by that of Helen Jerome Eddy as the mother, Jola Mendez as the girl, and Bob Seiter as the young musician.

Meet the "joyster." Gloriously young, always in search of fun, laughing aside conventions and restraints, not exactly wild, but certainly over-exuberant, a youngster determined to have a good time at any cost—such is the "joyster."

His elders spend many hours debating whether he is godless or just graceless, headed for destruction or just on a lark, devoid of all shame, or just young. The "joyster" does not worry. He is too busy with life itself to theorize.

This type of modern youth received its new appellation from Rupert Julian, who directed "Walking Back."

## Community Loyalty

Loyalty to the community means everything.

It is the essential factor to community growth and development. Merchants who operate in the community and spend their money elsewhere are not deserving of your support.

Merchants who sell you in the community and invest in your community are the ones you should rally behind.

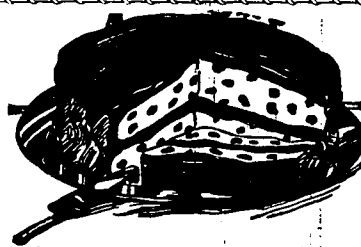

It is the requisite of loyalty to support the men and institutions who support our community.

Trade at home whenever it is possible.

But when you do trade in the community patronize the merchant who is doing things for your community and not confining his efforts solely and selfishly to his own interests.

Give your support to those who labor with and contribute to all forces for the commercial progress and moral betterment of the town.

Remember: Loyalty means everything to your community.

Cakes, made here, contain plenty of the best materials—pure butter, sugar and fruits, flavors of the finest, combine to make our cakes, baked fresh each day, a real treat for every member of the family.

## SHOW NEW MODELS

A new line of Radiolas, including superheterodyne receivers utilizing AC radiotrons throughout, for simplified electric operation with self-enclosed loudspeakers of the improved dynamic type, and a new loudspeaker of artistic design, is announced by the Radio Corporation of America. "With the application of AC tubes to the superheterodyne circuit, broadcast reception takes another step forward towards the ultimate of perfection," RCA claims. The new models will be on exhibition at the Narberth Electric Shop.

## SWAM PANAMA CANAL

## Will Transform Event Later Into Another "Glorious Adventure."

Richard Halliburton, the bold adventurer who swam the Hellespont, climbed the Matterhorn, spent the night within the gates of the Taj Mahal, and crossed alone the Malay Peninsula, has recently added another to his spectacular exploits and has swam the Panama Canal. Resting by night, he has had opportunity to make notes of the experiences of his days which this coming winter will be transformed into the third of his very popular tales of adventure.

It was the first of his books, "The Royal Road to Romance," which won for him a wide circle of readers even among those who ordinarily do not care for books of travel. His adventures were startling, his flippant nerve inexhaustible, and doubtless much of what he wrote in his first volume was pure romancing. It was, however, rollickingly entertaining and therefore many people turned eagerly to his

second book, "The Glorious Adventure," when it appeared this year.

Both of these books are available in the Narberth Library and should be read in order to obtain a correct perspective of the young man whose exploit at the Panama Canal recently emblazoned his name on the front pages of the local newspapers.

SHUTOUT OAKMONT

CONTINUED FROM THE FIRST PAGE

Narberth got two cyphers in the opener as the gruesome, one-side, run-away went off. Gillespie singled and Jeffries sacrificed. Humphries passed one which the maskman muffed and Johnny nabbed third. The Vet arched a looper over second. Gillespie scoring. Babb sent out a lively grounder to the left wing and the "backstop" erred again when Carter walked and Humphries scored after the centerfielder pulled in Gilly's skyrocket. Lindsay forced out Carter on second. Two runs, three hits, no errors.

"Lynx-eyed" McMonagle strolled in the second canto and scored immediately as Masters doubled to right. Masters came home from Gillespie's one-bagger and Jeffries doubled to right shipping in the maskman. Jeff's hit was good for a triple, but a little stumble after leaving first robbed him of another station. Humphries sent out a scorcher for two bases. Jeffries counting. Hump stole third on the catcher's devastating error and Babb was thrown out. Ray to Dilworth. Carter singled scoring Humphries and Gilfillan sacrificed Carter to third. Lindsay was hit by a fast ball and went on to second in a clever steal. Seiss hit Mac and the bags were loaded. Master rallied. Three outs. Five runs, five hits, one error.

Richmond replaced Seiss who starred for the visitors in leftfield and Narberth could not score until the seventh, when they made one pointer. Carter singled and advanced to third on sacrifices, and McMonagle lured him home from his whizzing drive through the infield barracks. One run, three hits, no errors.

The eighth and terminating sessions each netted two runs as the score tallied 12 for the Berg. Gilfillan shot out a double in the eighth and stole third. The varsity first baseman made a timely

steal for the plate and succeeded when the catcher let another go by. Lindsay made first when the third baseman juggled his liner and scored when the Penn star singled in the shortstop's area. Two runs, two hits, two errors.

Bob Harris broke the monotony of doubles and triples which had been predominating, when he killed Richmond's toss for a four-master, shoving in Humphries who had singled from his hard drive over the third baseman's reach. One minute after Harris crossed the plate for a masterpiece, Carter smashed a vibrant hingle out to right field and gracefully touched three bags and was enroute for the final station when an unusually fine throw from the outfield beat the centerfielder to the plate, the catcher laying the ball rather politely on his manly chest. Two runs, three hits, no errors.

The double-header scheduled for Labor day with Berwyn and Newtown Square was cancelled because of wet grounds.

by Samuel Rea, seeking a change to Merion Square again, and by Postmaster Robert Barr, opposing the change, circulated petitions and engaged in a publicity campaign. The partisans seemed evenly matched in numbers, and the name was not changed.

As a result, confusion exists. The territory is known to the Lower Merion School Board as Merion Square, to political leaders as Gladwyne, to the bus company that serves it as Gladwyne, to the Government and other official agencies as Gladwyne, and to many of its residents including Samuel Rea, as Merion Square.

Narberth the merchants assume the largest responsibility, because theirs is the largest investment. Their confidence in the stability and in the growth of the town in which they live prompts them to build large buildings and fill them with considerable stocks of goods, on all of which they pay their

equal share of taxes. The ambition of every merchant and dealer here is to make his investment larger, the result being that the share that the community receives in the way of better taxes is available for greater betterments.

Every dollar that goes over the counter of the local merchants pays tribute to the entire community. It comes back to you in fullest measure. The merchant has the interests of the home town at heart. Even from a purely selfish standpoint, he is the best booster the home town has, because the greater the well-being of its citizens, the better the pay they receive for their labor, the more comfortable their homes are and the better the streets are kept, the more efficient the schools, the better the fire and police protection, the more attractive does the community prove for others seeking homes, and therefore the greater is the number of his possible customers.

Buy of the Narberth merchant and you assure your town of a permanent booster. He does not plan to stay here for a certain length of time, and then to move to some other place; he is here to

stay, for it is his home, and the home of his children. Like every other parent, he wants his children to have the best possible start in life, and while he is working for this end for his own family, he is taking the lead among those other parents who harbor the same ambitions for their children.

Their leadership deserves the support of every good citizen in town. In fact, every man, woman and child in the community has a moral responsibility in the matter. These men work for the good of the home town, and therefore everybody who has the welfare of the community at heart is in duty bound to work with them and sustain them in the things they are trying to accomplish.

The new Buick  
is the new Style

More than handsome... more than luxurious... a wonderful new type of motor car beauty... a thrilling turning point in body design

It will be imitated, of course! The new, the fine and the beautiful always inspire emulation. But so great is the cost of building the magnificent new Fisher bodies for the Silver Anniversary Buick that imitation will be possible only to much costlier cars, and even these will find difficulty in following where Buick leads!

\$1,500,000 has been expended in manufacturing the dies alone for the new Buick bodies; and the gracefully curving side panels which form one of their distinguishing characteristics represent the most expensive steel paneling work employed on any automobile in the world!

But it is not in the matchless grace and beauty of exterior design alone that the Silver Anniversary Buick eclipses other cars. The velvet moiré upholstery in the closed models—the

hardware and fittings—the many appointments of luxury and convenience—are all of the richest quality; and the bracing of the bodies, which imparts strength and durability and freedom from squeaks and rattles, is the most efficient and effective known to motor car practice.

In dashing beauty—as in fleet, powerful performance—the world holds no equal for the Silver Anniversary Buick with Masterpiece Bodies by Fisher.

It is more than handsome, more than luxurious—it marks a thrilling turning point in body design. And the motoring public, buying in such tremendous volume as to force the great Buick factories to work day and night to supply the demand, is elevating it to the prominence of a vogue!
